

## WBC Rowing Section

### Clubspark changes during COVID-19 epidemic.

Valid from 15th August 2020. Latest updates are highlighted in yellow.

- You can only book up to 1.5hr, once a day, up to 7 days in advance.
- Only river slots 1-6 are available.
- Erg bookings are available, but please avoid clashing start/end times with rowers to minimise the risk of overcrowding at the boatsheds.
- New bookings now become available at 6am rather than midnight.
- Bookings are available from 5am until 9pm.
- Peak hours are 8-9.30, 9.30-11am in the mornings and 6-7.30, 7.30-9pm in the evenings. Please do not book across these slots. This will allow us to maximise capacity during peak hours.
- Please only book slots for yourself you/your crew. This will allow us to keep a log of who has been at the club and track fair usage for all members.
- Please book river slots as follows:
  - Singles/Doubles/Pairs – book 1 river slot
  - Coxless Fours/Quads – book 2 river slots
  - Coxed Fours – book 3 river slots
- Use the new clubspark functionality to add crew members' names to your booking. Note you can only do this via the web browser at the moment, not via the app. Whoever is booking the boat has the responsibility to ensure the names are on the system and correct, so that as a club we are compliant with the NHS track and trace system.
- Previous boat permission apply.
- Please be mindful of other members when booking river slots. If you can avoid peak times and go out during the day, please do. The committee will review demand and usage regularly and adjust restrictions as appropriate.
- Club members only - with tennis and rowing being subject to different Clubspark restrictions, you may find the mobile app defaults to tennis settings. We are trying to resolve this, but if you're finding unexpected restrictions on your phone, please use a desktop browser instead.
